The Cincinnati South FDAF is supporting a text campaign during the next two months that compliments the current Regional mail-in rebate on The Works. The message will be: "Up to \$20 off The Works Package at your local Ford dealer". The text message encourages customers to text 'WORKS' at 91604 to take advantage of this offer.

The FDAF will reimburse your dealership \$10 for this brake service. The other \$10 can be secured in the form of rebates via online at www.fordowner.com, or www.quicklane.com. There is a \$10 regional rebate on The Works Package. Both of the latest offer forms are attached for your use. Dealers will have until September 30th, 2017 to file FDAF claims for reimbursement.

Please ensure your dealer website, emails, Consumer Connection mailers, etc. are current with this offer. Also, take time today to review with your Sales Teams, Service Advisors, and Parts Teams as well. In addition, this is a great opportunity to check your Card Everyone Inventory Management (CEIM) tool to make sure you are ordering all the right brake friction and rotor parts to meet your sales needs. This is a powerful tool to drive traffic and additional sales opportunities to start off 1st Quarter!

The customer responds with this information, and then they will be asked to either select a dealer or enter a few letters of the dealer they wish to visit for the offer. Once this is complete, a code is sent to their phone. The FDAF will reimburse your dealership \$10 for this service once you submit your claims. Customers will provide you their text codes received on their phones which you will submit on your claim form. If you need to validate a code, please go to <http://text.thinkmobilefirst.com>. Complete details are posted to the <http://text.thinkmobilefirst.com> website. You are still required to fax in the form to (502) 459-2955 for approval and submission for payment.
